*I am waiving my right to a traditional advising appointment for Summer/Fall 2013 course registration. I understand that this decision is against the counsel of my major advisor. I know that in doing so I am taking responsibility for my class selection and course registration for the Summer/Fall 2013 semester and that it is my responsibility to check with my major advisor to make sure that I have registered for classes that will allow me to graduate on time. It is also my responsibility ask my advisor if I need clarification on my academic program.*
