Enriching • Empowering • Engaging • Education for all

A MESSAGE FROM **THE DIRECTOR**

Summer has arrived! We are looking forward to seeing new and familiar faces online and on campus soon and hope you will find something of interest to engage or inspire you in our catalog.

We have been fortunate to work with academic unit leaders to offer an expanded list of summer camp opportunities for campers of all ages. We have several residential camps that will give campers the opportunity to live, work, and play at SIUE. Check out a full list of camps and their details on the SIUE Summer Session website: siue.edu/summer.

Summer is an outstanding time to begin preparing for your own academic journey, too. Now is the time to apply for in-person and online programs at all levels for summer and fall semesters. It is also a great time to tour our campus. The SIUE Admissions team is ready to host you and provide detailed information on all our programs.

Finally, please look at our personal and professional non-credit classes, hosted online and in-person at the Edwardsville campus, our new Belleville campus, and other locations in the Metro East. We have several trips planned as well that you can also join.

The team at Online Services and Educational Outreach wishes you a fun, productive, and fulfilling summer season!

Educators with over 20 years of stormwater management will share the latest trends and innovations to structural and nonstructural stormwater management practices.
