

Join the SAM Team!

Are you ready to launch your career in Surveying and Geomatics? As a proud sponsor of the Surveying and Geomatics Course at Southern Illinois University Edwardsville, SAM is excited to connect with students seeking full-time positions and internships.

Why Choose SAM?

Our culture fosters collaboration, mentorship, and professional growth. We believe in empowering our employees from day one, offering tailored development programs designed to enhance your skills and accelerate your career trajectory.

Our Commitment to Your Success:

- **Comprehensive Training Programs:** Gain hands-on experience with cutting-edge tools, including drones and proprietary software, while collaborating on real-world projects.
- **Mentorship Opportunities:** Learn from industry experts dedicated to your professional development.
- **Career Pathways:** Explore various avenues for growth through our Pathways to Certification and Licensure program, with support for certifications such as CST, PLS, and more.

What We Offer:

- Competitive benefits packages, including tuition reimbursement and flexible work schedules.
- A vibrant culture that celebrates achievements and community involvement.
- The chance to be part of a dynamic team making a difference in the surveying industry.
