1 Funded, 2 Unfunded URCA Assistant

	This position is ONLY open to students who have declared a major in this discipline.	M
	This project deals with social justice issues.	
	This project deals with sustainability (green) issues.	
	This project deals with human health and wellness issues.	
	This project deals with community outreach.	
✓	This mentor's project is interdisciplinary in nature.	I

Are you willing to work with students from outside of your discipline? If yes, which other disciplines?

Yes

How many hours per week will your student(s) be required to work in this position?
(Minimum is 6 hours per week; typical is 9)

9

Will it be possible for your student(s) to earn course credit?

Yes BIOL493 3

Location of research/creative activities:

Faculty office and virtual meetings

Brief description of the nature of the research/creative activity?

Project 1) Three-dimensional printing of anatomical models

Project 2) Educational research: Assistance with manuscript/presentations, including data entry, literature search, bibliography

Brief description of student responsibilities?

Students could choose to generate specific anatomical models using a 3D printer. Students could participate in educational research by assisting with data entry, creation of graphs and tables, literature search, and bibliography for presentations and publications.

URCA Assistant positions are designed to provide students with *research or creative activities* experience. As such, there should be measurable, appropriate outcome goals. What exactly should your student(s) have learned by the end of this experience?

Yes

Requirements of Students

If the position(s) require students to be available at certain times each week (as opposed to them being able to set their own hours) please indicate all required days and times:

Students meet with the mentor on campus anytime between 10 a.m. and 4 p.m. on Mondays and Wednesdays. There will be additional work that can be completed remotely.

If the location of the research/creative activities involves off campus work, must students provide their own transportation?

Not applicable

Must students have taken any prerequisite classes? Please list classes and preferred grades:

A good grasp of English and math is a must. Statistical knowledge would be welcome.

Other requirements or notes to applicants:

Students must commit to their schedules and be organized.
